

# RESOM

(://about blank)

The avid vinyl collector has been a staple of the line-ups at ://about blank from the very beginning, spinning everything from obscure left field house to fathomless bass; trippy electro to fierce techno; uplifting '90s jams to relentless cutting edge dance floor onslaughts.

She has been actively engaged in the social and cultural side of the music scene since her days in Leipzig with the Homo Elektrik collective as well as others. She curates the multifaceted conceptual event The Amplified Kitchen at ://about blank in addition to her work for the last ten years teaching DJ workshops for women. You can also hear her every two months on her show OPTION on Berlin Community Radio.
